Guest Speakers

Tri-Energy

Lynn Arthur – CCA Community Choice Aggregation

A program for residences and small businesses. Goal: to spread power supply over all customers – like a co-op. "Can save huge amounts of money – contract fuel supply for 2 years at a guaranteed fee". January 22, 2019 will be a public hearing in Hampton Bays Senior Center...email SH Town Clerk with CCA in subject line to encourage town to look into this alternate energy idea.

Riverhead Free Library

Catherine Montazem *Reference and Outreach Coordinator*

David Troyan *Network & Systems Coordinator*

The library is a hub of our communities and this administration is very responsive to community needs. Many programs available to residents...just about anything you can think of...such as free passes available to museums on Long Island and in NYC.

Catherine has planned a multitude of programs that will satisfy anyone's curiosity wanting to learn something new or meeting with others about a favorite subject.

If there's something you have a question about that you don't see listed, just talk to Catherine and she'll see what she can do!

Davie Troyan is a computer tech person that can help you with questions about computer navigation and show you on his computer. Just call and make an appointment. More helpful with a pc, but can answer MAC questions, too.

Vince Taldone

Reported that over \$1,000,000 in grants received in 2018. 2019 has started with more grants received: Over \$1,000,000 for shoreline restoration at the Maritime Trail Park. More and improved bus shelters have been approved by Southampton Town.

A concern has been raised about funds ear-marked to low income community improvements that may have been used for building improvements of Southampton Town Hall. Questions will be asked at upcoming board meeting

Meeting Adjourned: 8:55pm

Respectfully submitted,

Sandy Adams
FRNCA Secretary
